Strategic Development and Deployment

Quality Policy

"BRIG-IC" is engaged in offering quality technical education and training to prepare responsible technocrats for effective nation building reads the institute's quality policy. The quality policy strives to satisfy customers. It consistently works to achieve high levels of instruction, training, and human resource development by encouraging its teachers and staff to collaborate and continuously update their knowledge and abilities to meet the demands of industry.

The institute fly believes that among all other resources, the human resource is the most important component in achieving the goals outlined in the Vision and Mission statements. To become a world-class institute in the current environment of liberalization and intense competition, one must provide the end-user with the finest service possible. The quality policy was created with this concept in mind. The quality policy directs and closely monitors all of the actions. Each semester/year, a critical analysis and examination of the many performance indicators, including pass rates, input ranks, placements, student accomplishments in extracurricular activities, and faculty accomplishments, will take place.

Review

The effectiveness of the procedures is assessed at different levels by evaluating the performance of the students by the teachers, the performance of the teachers by the HOD, and the performance of the HOD by the Principal. The different monitoring processes that IQAC coordinates also aid in the review processes.

Perspective plans of the Institution

The institutions want to adopt new courses, upgrade its infrastructure, modernize its current facilities, and conduct research and development. The principal and department heads organize academic activities, consultations, Understanding, innovations in the teaching and learning process, etc.

NATIONAL EDUCATIONAL POLICY (NEP)

The National Education Policy of India 2020 (NEP 2020), which was started by the Union Cabinet of India on 29 July 2020, outlines the vision of new education system of India

The new NEP is based on four pillars which are Access, Equity, Quality, and Accountability.

The vision of the policy is to build an education system rooted in Indian ethos that contributes directly to transforming India by providing high-quality education to all, thereby making India a global knowledge superpower.

India is about to make significant changes to its education system in order to become a global power. The recent changes were implemented to end 34 years of educational policies. The new system, which is still being implemented, emphasizes online learning, more school hours, and a move away from rote learning.

Website /ICT/Self (or) e-learning Committee

Information and Communication Technology (ICT) in education is very helpful in improving the quality of education and obtaining expert knowledge from any corner of the World. A society can become a knowledge society if the ICT tools and the eLearning Technologies are effectively utilized. E-learning and technology oriented learning is also facilitated to the students through language lab, e-library and smart class rooms. Power point presentations are an integral part of the teaching methodology in most of the courses. They ensure not only effective knowledge transfer but also facilitate follow up interactive sessions with the students. The institution encourages the staff members not only to upgrade their academic profile but also their pedagogical strategies by offering advanced and latest ICT facilities.

Functions & Responsibilities:

The college Website Committee is responsible for maintaining the college's website.

- The committee ensure that content is up-to-date and accurate.
- Collaborate with the campus web team to maintain current web standards, styles, protocols, etc. and build links to high level content.
- Collect and discuss feedback from college members.
- Generate and communicate ongoing task list.
- Implement new features, and determine what should be included in the website.
- Training programmers and hands on experience for using Computers and Internet.
- Providing exposure on ICT in the present day context.
- Knowledge of using Website and contacting people through e-Mail.
- On-Line Information about Government Websites and Government Schemes.

NSS CELL

NSS Symbol

The symbol of the National Service Scheme is based on the 'Rath' wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space.

The design of the symbol, a simplified form of the Sun-chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life. It stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.

Few specific objectives are:

- To understand the community in which they work.
- To understand themselves in relation to their community.
- To identify the needs and problems of the community and involve them in problem solving process.
- To develop among themselves a sense of social and civic responsibility.
- To utilize their knowledge in finding practical solution to individual and community problems.
- To develop competence required for group living and sharing of responsibilities.
- To gain skills in mobilizing community participation.

Energy Conservation Cell

Utilizing less energy is a choice and a practice known as energy conservation. Energy saving measures include turning off the lights when leaving a room, disconnecting appliances when not in use, and choosing to walk rather than drive.

Gaining more control over their energy cost and lowering the pressure on the planet's natural resources are the two main motivations for energy conservation.

All citizens have a moral obligation to utilize energy wisely in their daily lives, to prevent any waste, and to raise awareness of the value of energy conservation for a sustainable present and future. Our college's Energy Conservation Cell seeks to raise awareness of the prudent and economical use of energy while minimizing energy waste for a better future

Objectives of Energy Conservation Cell

- The Cell's mission is to develop methods and develop solutions that enable more efficient and non-intrusive usage of energy.
- The Cell wants to investigate more effective ways to employ renewable and clean energy sources.
- To educate children about environmental preservation and energy conservation.
- To cultivate in pupils an attitude that would make them ambassadors for spreading awareness of energy conservation.

- Solar power
- Bio gas plant
