To,  
The Director,  
Brilliant Grammar School Educational Society's Group of Institutions  
Abdullapurmet

**Subject:** - Request regarding approval of one week FDP Program for Mechanical Engineering faculty members and Resource allocation – Reg.

Respected Sir,

The Department of Mechanical Engineering is proposing to conduct a one-week faculty development programme in our institution for **ADVANCES IN RENEWABLE ENERGY SOURCES**. The programme will be held on our college premises from 26<sup>th</sup> September 2022 to 01<sup>st</sup> October 2022. I request for your kind approval to conduct this program and to provide the required resources to conduct the program.

We believe that your extensive knowledge and experience in this field would greatly benefit our faculty members who are responsible for training our students. We are confident that with your guidance, our faculty members will be able to enhance their skills and knowledge in **ADVANCES IN RENEWABLE ENERGY SOURCES**, which in turn will positively impact the learning outcomes of our students.

Thanking You,

Brilliant Grammar School Educational  
Society's Group of Institutions (7Q)  
Abdullapur (V) Abdullapurmet (M) R.R Dist-501505

Yours sincerely,

Head of the Department  
Mechanical Engineering  
Brilliant Grammar School Educational  
Society's Group of Institutions  
Abdullapurmetu (V)&(M). R.R. Dist-501 505

To,  
RAMARAO,  
Brilliant Institute of Engineering & Technology,  
Abdullapurmet.

Sub: Request for conducting the one week FDP program on **ADVANCES IN RENEWABLE ENERGY SOURCES** for Mechanical faculty – Reg.

Respected Sir,

The Department of Mechanical Engineering is proposing to conduct the one week FDP program on **ADVANCES IN RENEWABLE ENERGY SOURCES** for Mechanical faculty from 26-09-2022 to 01-10-2022. We believe that your extensive knowledge and experience in this field would greatly benefit our faculty members who are responsible for training our students in this software. We are confident that with your guidance, our faculty members will be able to enhance their skills and knowledge in **ADVANCES IN RENEWABLE ENERGY SOURCES**, which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed programme, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the following details.

Thanking You Sir

**DEPARTMENT OF MECHANICAL ENGINEERING**

Date: 20.09.2022.

**CIRCULAR**

We are pleased to announce a One-Week Faculty Development Programme (FDP) on **ADVANCES IN RENEWABLE ENERGY SOURCES**, scheduled to take place from September 26th to October 1st, 2022. This FDP will be conducted by distinguished experts from renowned institutions and will encompass a wide range of topics within the field of renewable energy.

The programme will include interactive sessions, hands-on workshops, and case studies, providing participants with a comprehensive understanding of the subject matter. We strongly encourage all faculty members to participate, as this FDP will not only benefit you personally but also contribute to the academic excellence of our institution.

Upon successful completion of the FDP, participants will receive a certificate acknowledging their participation. To register for this FDP, please contact the coordinator on or before September 24th, 2022.

**Event Details:**

Duration: One week

Date: September 26th to October 1st, 2022

Venue: Mechanical Engineering Department

Registration Fee: Faculty Members from our Institution - Free

We kindly request that you ensure your availability for the entire duration of the FDP to make the most of this valuable learning opportunity.

Best regards,

**DEPARTMENT OF MECHANICAL ENGINEERING**

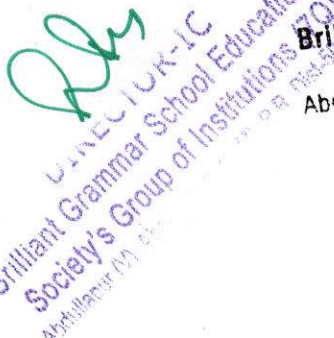

Course	:	ADVANCES IN RENEWABLE ENERGY SOURCES
Name of Resource Person	:	Mr. BABURAO
Course Duration	:	26-09-2022 to 01-10-2022
Target Participants	:	Faculty of Department of Mechanical Engineering
Course	:	Training
Career Opportunity	:	Design Engineer, Surface Modeling Engineer, CAE analyst

✓ **The learning outcomes of ADVANCES IN RENEWABLE ENERGY SOURCES are:**

- ✓ Understanding the fundamental principles of renewable energy technologies.
- ✓ Exploring the latest advancements in solar power generation.
- ✓ Gaining insights into wind energy systems and their applications.
- ✓ Analyzing the role of biomass and bio-energy in sustainable energy production.
- ✓ Investigating the principles of hydropower and its environmental impact.
- ✓ Examining the integration of renewable energy sources into existing energy grids.
- ✓ Assessing the economic and policy aspects of renewable energy adoption.
- ✓ Developing practical skills through hands-on workshops and case studies.

## ABOUT COLLEGE

Brilliant Grammar School Educational Society's Group of Institutions - Integrated Campus (Faculty of Engineering & Faculty of Pharmacy) is a highly reputed Institute, established in 2008 with EAMCET Counseling Code BRIG. The college is under the dynamic leadership of the veteran Director, **Dr. PENIEL PAULDOSS**, PhD who has been more than 25 years of experience in Technical Education.

The Brilliant Group turned a golden leaf with the icon of technical education in Telangana who steered the Engineering education onto the echelons of national and international corridors, a versatile, sagacious genius **Sri Kasireddy Narayan Reddy**, an eminent and dynamic educationalist of our state, taking reigns as the **Chairman** of all the colleges in **Brilliant Group of Technical Institutions**.

## ABOUT THE DEPARTMENT OF MECHANICAL ENGINEERING

The department of Mechanical Engineering was established in the year 2009. The department offers B.E (Mechanical Engineering) Our mission is to create a research hub engaged in contemporary research in association with industries and other reputed institutions, impart best-of-class education to students with up-to-date curriculum and content in tune with industry requirements and foster a spirit of entrepreneurship among students to enable a few launch their own ventures. The department has highly qualified and experienced faculty members with some of them holding PhD and some are registered for the same.

## Our Vision

To be an eminent center of excellence in the field of Mechanical Engineering, where teaching, learning and research synergize to deliver technical education and scientific research for public good.

## Our Mission

To impart quality education to create efficient Mechanical Engineers who can compete at the global level.  
To build State-of-the-art research facilities in Mechanical Engineering in order to enable the faculty and students to learn and disseminate knowledge and innovate in their applications.

To foster the spirit of entrepreneurship and encourage consultancy to enable all round personality development in students.

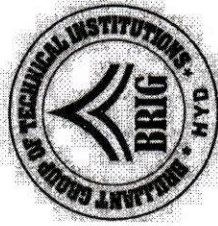

## OBJECTIVES

The objective Enhance Understanding of Renewable Energy Technologies to provide participants with a comprehensive understanding of the latest advancements in renewable energy technologies, including solar, wind, hydro, and bio-energy, to promote informed teaching and research in this field.

## OUTCOMES

*These learning outcomes aim to equip faculty members with the knowledge, skills, and motivation to effectively teach, research, and contribute to the advancement of renewable energy sources in their respective academic institutions and beyond.*

**DEPARTMENT OF MECHANICAL ENGINEERING**

**SUMMARY REPORT**

Date: 01<sup>st</sup> Oct 2022.

The FDP Program is successfully conducted at Brilliant Grammar School Educational Society's Group Of Institutions-Integrated Campus, Abdullapurmet. The one-week FDP on Advances in Renewable Energy Sources for Mechanical Engineering Faculty Members was conducted from September 26th to 01<sup>st</sup> October, 2022, in the Mechanical Engineering Department. The program was organized by the institution with the aim of enhancing the knowledge and skills of the faculty members in Advances in Renewable Energy Sources, enabling them to impart the latest techniques to the students.

The program was conducted by experienced and knowledgeable trainers who covered various topics, during a one-week FDP on Advances in Renewable Energy Sources; participants would likely learn how to use the software suite for various engineering applications. They may learn how to model and simulate structures, analyze fluid flow, perform electromagnetic simulations, and optimize designs for performance and efficiency. The FDP may also cover advanced topics such as multi-physics simulations, meshing techniques, and customization using programming languages.

Overall, A Advances in Renewable Energy Sources is a powerful tool for engineers and designers to analyze and optimize their designs, and a one-week FDP can provide participants with a solid foundation in its use. The detailed Brochure and photos arc attached here with.

**Subject:** - Request regarding approval of Two Days Technical Staff Development Program for B.Tech technical staff and Resource allocation – Reg.

Respected Sir,

The Department of Mechanical Engineering is proposing to conduct a Two-day technical staff development program in our institution for CNC Lathe technology. The program will be held on our college premises from 15-11-2022 to 16-11-2022. I request your kind approval to conduct this program and to provide the necessary resources to carry it out.

We believe that your extensive knowledge and experience in the field of CNC Lathe technology would greatly benefit our technical staff responsible for training our students in this area. We are confident that with your guidance, our technical staff will be able to enhance their skills and knowledge in CNC Lathe technology, which, in turn, will have a positive impact on the learning outcomes of our students.

Thanking You,

Sub: Request for conducting the one Week Technical staff Development program on CNC LATHE for Mechanical departments Technical Staff – Reg.

Respected Sir,

The Department of Mechanical Engineering is proposing to conduct the One Week Technical Staff Development Program on Hydraulics for B.Tech Mechanical technical staff from 15-11-2022 to 16-11-2022. We believe that your extensive knowledge and experience in this field would greatly benefit our Technical Staff who are responsible for training our students in this topic. We are confident that with your guidance, our Technical Staff will be able to enhance their skills and knowledge in CNC LATHE , which in turn will positively impact the learning outcomes of our students.

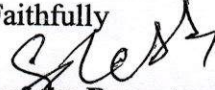

We would be grateful if you could provide us with a detailed program, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the above details.

Thanking You Sir

Date: 09.11.2022.

**CIRCULAR**

We are pleased to announce a two days Technical Staff Development Program on **CNC LATHE** which is scheduled to take place. The TSDP will be conducted by distinguished experts from renowned institutions and will cover various topics. The programme will consist of interactive sessions, hands-on workshops, and case studies, providing you with a comprehensive understanding of the subject matter.

We encourage technical staff to participate in this TSDP, as it will not only benefit you but also enhance the academic excellence of our institution. The programme is open to technical staff of our institution and there is no registration fee. Kindly note that participants will be provided with a certificate upon completion of the programme. Additionally, we request you to ensure your availability for the entire duration of the TSDP.

Interested participants are requested to register on or before 12.11.2022 with coordinator to with your name, designation, department, and contact details. We look forward to your participation in this programme.

Duration: Two days

Date: 15th Nov 2022 to 16th Nov 2022

Venue: Mechanical Engineering Department

Registration Fee: Free

Course	:	Programme on CNC LATHE
Name of Resource Person	:	M VINAY KUMAR
Course Duration	:	15-11-2022 to 16-11-2022
Target Participants	:	Technical Staff of Mechanical Departments
Course	:	Training
Career Opportunity	:	Mechanical Engineering, Aerospace Engineering, Material Science, Research and Development.

The learning outcomes of **CNC LATHE** are:

- Demonstrate understanding of common manufacturing processes other than machining by:
- Describing the casting process and determining a parts suitability for this process
- Applying sheet metal layout concepts to the construction of a sheet metal project
- Describing other production methods and determining their effectiveness for a given part
- Creating a report outlining the production, inspection and costing of a project produce in the lab

Date: 28-10-2022

To,  
Mr, Bandi Jaipal,  
Visvesvaraya College of Engineering and Technology,  
Mangalpalle.

Sub: Request for conducting the one week FDP program on Current Trends In Neural Networks for All faculty – Reg.

Respected Sir,

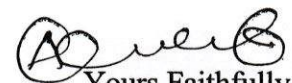

The Department of Computer Science and Engineering is proposing to conduct the one week Faculty Development Program on Current Trends In Neural Networks for B.Tech faculty from 11-11-2022 to 16-11-2022. We believe that your extensive knowledge and experience in this field would greatly benefit our faculty members who are responsible for training our students in this topic. We are confident that with your guidance, our faculty members will be able to enhance their skills and knowledge Current Trends In Neural Networks, which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed program, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the above details.

Thanking You Sir

  
Signature of the resource person

  
Yours Faithfully

Head of the Department

  
DIRECTOR-IC  
Brilliant Grammar School Education  
Society's Group of Institutions (7Q)  
Abdullapur (V) Abdullapurmet (M) R.R. Dist-501505

### **About the College:**

Brilliant Grammar School Educational Society's Group of Institutions -IC (BRIG) was established in the year 2008 as the first self-financing engineering college in the state of T.s It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20 Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS..

### **About CSE Department:**

Established in the year 2008, the department of CSE offers B.Tech programme in Computer Science and Engineering and The department has a team of highly qualified senior faculty with specializations in core areas of Computer Science and Engineering. The CSE department has been sanctioned projects from various organizations like UGC, AICTE, DST, Dept of Space-NRSC and ADRIN. It has a faculty strength of 46 and an intake of 180 students for UG.

### **About the Programme:**

The Six day workshop on "PATENT: "How to Search, Draft & File Patent is well structured, focused and result oriented. The workshop focus on different aspects of Intellectual Property Rights (IPRs), Conversion of the research/project works into Patents and Hands-on-Training on patent searches for Innovations. This workshop will bring a positive transformation in the Faculty member's attitude in their UG/PG Projects and research works and get them more focused as well as result oriented.

### **Objectives:**

1. Promote development of infrastructural facilities for registration of intellectual property by facilitating the improvement of legal, institutional and administrative framework.
2. To stimulate the creation and growth of intellectual property by undertaking relevant measures.
3. To catalyse commercialization of IP rights.

### **Resource Person:**

Mr, Bandi Jaipal  
Visvesvaraya College of Engineering and  
Technology

### **Contents of the Workshop:**

- Overview on Intellectual Property Rights.
- How to Convert the Research/Project works into Patents.
- Copyrights and Trademarks
- Hands-on-Training on Patent Search for Innovation.

### **Benefits and Take Away:**

1. To Convert the Project/Research works into Patents.
2. To get better ranking in the National Institutional Ranking Framework (NIRF).
3. To convert the patented works into Commercialization.
4. To Generate Funds from Commercialization.
5. To bring long-term benefits to the Institution on par with top class Universities.
6. To attract Young Talents into the Institution.

### **Venue:**

Seminar Hall,

CIRCULAR

We are pleased to announce a One-Week Faculty Development Program (FDP) on **Current Trends In Neural Networks** which is scheduled to take place. The FDP will be conducted by distinguished experts from renowned institutions and will cover various topics. The programme will consist of interactive sessions, hands-on workshops, and case studies, providing you with a comprehensive understanding of the subject matter.

We encourage all faculty members to participate in this FDP, as it will not only benefit you but also enhance the academic excellence of our institution. The programme is open to all faculty members of our institution and there is no registration fee. Kindly note that participants will be provided with a certificate upon completion of the programme. Additionally, we request you to ensure your availability for the entire duration of the FDP.

Interested participants are requested to register on or before 08.11.2022 with coordinator to with your name, designation, department, and contact details. We look forward to your participation in this programme.

Duration: One week

Date: 11<sup>th</sup> Nov 2022 to 16<sup>th</sup> Nov 2022

Venue: Computer Science and Engineering Department

Registration Fee: Free

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Course	:	Programme on <b>Current Trends In Neural Networks</b>
Name of Resource Person	:	Mr, Bandi Jaipal
Course Duration	:	11-11-2022 to 16-11-2022
Target Participants	:	Faculty of All Departments
Course	:	Training
Career Opportunity	:	Transformers and Attention Models, Self-Supervised Learning, Neural Architecture Search (NAS), Generative Models and Diffusion Models, Energy-Efficient Neural Networks, Reinforcement Learning (RL), Federated Learning, Multimodal AI Systems, Ethical AI and Fairness, Explainable AI (XAI), Synthetic Data Generation and Augmentation.

The learning outcomes of **Current Trends In Neural Networks** are:

### 1. Improved Natural Language Processing (NLP) Capabilities

Transformer models like GPT-3, GPT-4, BERT, and T5 have dramatically improved the ability of neural networks to understand and generate human language. This has led to breakthroughs in machine translation, sentiment analysis, chatbots, and virtual assistants.

### 2. Enhanced Multimodal AI Systems

The integration of multiple data modalities (e.g., text, images, audio, video) into single models has allowed neural networks to create systems that understand and generate content across different modalities.

### 3. Self-Supervised Learning and Data Efficiency

Self-supervised learning is reducing the dependency on labeled data, enabling the use of vast amounts of unlabeled data for training neural networks. This trend is lowering the cost and time required for data labeling.

### 4. Generative Models for Creative and Practical Applications

Generative models like GANs (Generative Adversarial Networks) and Diffusion Models are producing high-quality synthetic data, opening up new possibilities in creative industries, design, healthcare, and data augmentation.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

SUMMARY REPORT

Date: 16<sup>th</sup> Nov 2022.

The FDP Program is successfully conducted at Brilliant Grammar School Educational Society's Group Of Institutions-Integrated Campus, Abdullapurmet. The one-week FDP on Current Trends In Neural Networks for Our Faculty Members was conducted from 11-11-2022 to 16-11-2022, in the Computer Science and Engineering Department. The program was organized by the institution with the aim of enhancing the knowledge and skills of the faculty members in Advanced topics in, enabling them to impart the latest techniques to the students.

As neural networks continue to evolve and permeate various industries, career opportunities in this field are expanding rapidly. The increasing demand for advanced AI solutions across sectors such as healthcare, finance, autonomous systems, and natural language processing is driving growth in roles related to neural networks. Below are some of the current trends in neural networks and associated career opportunities: Transformers and Attention Models, Self-Supervised Learning, Neural Architecture Search (NAS), Generative Models and Diffusion Models, Energy-Efficient Neural Networks, Reinforcement Learning (RL).

The career opportunities in neural networks are vast and growing, driven by trends such as self-supervised learning, reinforcement learning, ethical AI, and multimodal systems. As industries across sectors continue to adopt neural network-based solutions, professionals with expertise in areas like model development, ethical AI, hardware optimization, and explainable AI will be in high demand.

To pursue a successful career in this field, you'll need a blend of technical skills (e.g., deep learning, NLP, reinforcement learning) and domain-specific knowledge. Engaging with cutting-edge research, contributing to open-source projects, and keeping up with evolving trends are also key strategies for advancing your career in neural networks. A one-week FDP can provide participants with a solid foundation in its use. The detailed Brochure and photos are attached here with.

Sub: Request for conducting the Two Days FDP program on Essentials For Machine Learning for All faculty – Reg.

Respected Sir,

The Department of Computer Science and Engineering is proposing to conduct the Two Days Faculty Development Program on **Essentials For Machine Learning** for B.Tech faculty from 19-09-2022 to 20-09-2022. We believe that your extensive knowledge and experience in this field would greatly benefit our faculty members who are responsible for training our students in this topic. We are confident that with your guidance, our faculty members will be able to enhance their skills and knowledge in Essentials For Machine Learning , which in turn will positively impact the learning outcomes of our students.

We would be grateful if you could provide us with a detailed program, including the topics to be covered, the duration of each session, and any required materials. We also request you to provide us with a breakdown of the fees and any other expenses that may be involved.

We request for your kind acceptance to conduct this program with the above details.

Thanking You Sir

### **About the College:**

Brilliant Grammar School Educational Society's Group of Institutions -IC (BRIG) was established in the year 2008 as the first self-financing engineering college in the state of T.S. It is located in a vast expanse of 70 acres of land on the outskirts of Hyderabad city at a distance of about 20 Kms from the city centre. The college offers 7 undergraduate programmes and. The faculty at present are 350, comprising of well qualified professionals with varied experience and background. The college boasts 64 MoUs with industrial partners and has established Skill Development Centre in association with Govt of TS..

### **About CSE Department:**

Established in the year 2008, the department of CSE offers B.Tech programme in Computer Science and Engineering and The department has a team of highly qualified senior faculty with specializations in core areas of Computer Science and Engineering. The CSE department has been sanctioned projects from various organizations like UGC, AICTE, DST, Dept of Space-NRSC and ADRIN. It has a faculty strength of 46 and an intake of 180 students for UG.

### **About the Programme:**

The Six day workshop on "PATENT: "How to Search, Draft & File Patent is well structured, focused and result oriented. The workshop focus on different aspects of Intellectual Property Rights (IPRs), Conversion of the research/project works into Patents and Hands-on-Training on patent searches for Innovations. This workshop will bring a positive transformation in the Faculty member's attitude in their UG/PG Projects and research works and get them more focused as well as result oriented.

### **Objectives:**

1. Promote development of infrastructural facilities for registration of intellectual property by facilitating the improvement of legal, institutional and administrative framework.
2. To stimulate the creation and growth of intellectual property by undertaking relevant measures.
3. To catalyse commercialization of IP rights.

### **Resource Person:**

Mrs.P Veena Kumari

Brilliant Grammar School Educational  
Society's Group of Institutions -IC

Society's Group of Institutions (7Q)

Abdullapur (V), Abdullapurmet (M), R. R. Dist-501505

### **Contents of the Workshop:**

- Overview on Intellectual Property Rights.
- How to Convert the Research/Projects into Patents.
- Copyrights and Trademarks
- Hands-on-Training on Patent Search for Innovation.

### **Benefits and Take Away:**

1. To Convert the Project/Research works into Patents.
2. To get better ranking in the National Institutional Ranking Framework (NIRF).
3. To convert the patented works into Commercialization.
4. To Generate Funds Commercialization.
5. To bring long-term benefits to Institution on par with top Universities.
6. To attract Young Talents into Institution.

### DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Date: 10.09.2022.

#### CIRCULAR

We are pleased to announce a Two-Days Faculty Development Program (FDP) on **Essentials For Machine Learning** which is scheduled to take place. The FDP will be conducted by distinguished experts from renowned institutions and will cover various topics. The programme will consist of interactive sessions, hands-on workshops, and case studies, providing you with a comprehensive understanding of the subject matter.

We encourage all faculty members to participate in this FDP, as it will not only benefit you but also enhance the academic excellence of our institution. The programme is open to all faculty members of our institution and there is no registration fee. Kindly note that participants will be provided with a certificate upon completion of the programme. Additionally, we request you to ensure your availability for the entire duration of the FDP.

Interested participants are requested to register on or before 16.09.2022 with coordinator to with your name, designation, department, and contact details. We look forward to your participation in this programme.

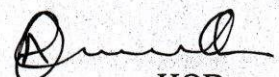

Duration: Two Days

Date: 19<sup>th</sup> Sept 2022 to 20<sup>th</sup> Sept 2022

Venue: Computer Science and Engineering Department

Registration Fee: Free

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Course : Programme on **Essentials For Machine Learning**  
Name of Resource Person : Mrs.T Neelima  
Course Duration : 19.09.2022 to 20.09.2022  
Target Participants : Faculty of CSE  
Course : Training

Career Opportunity : Key role in developing real-world ML applications, drive business strategies, especially in sectors like marketing, finance, and e-commerce.

### The learning outcomes of Essentials For Machine Learning are:

#### 1. Data Preparation and Preprocessing

- **Increased data quality:** Proper preprocessing improves the quality of the input data, leading to better model accuracy and generalization.
- **Reduced model bias:** Effective feature engineering and handling of outliers or imbalances help in building unbiased models that perform well across different data distributions.

#### 2. Machine Learning Algorithms and Models

- **Model selection:** A good understanding of algorithmic principles helps in selecting the most appropriate model for the task at hand, whether it's for classification, regression, clustering, etc.
- **Improved accuracy:** Choosing the right model and tuning hyper parameters leads to improved model predictions and efficiency.

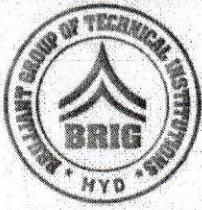

#### 3. Programming and Software Tools

- **Efficient implementation:** Programming skills allow for efficient code development, debugging, and model deployment. This leads to faster iterations and more effective solutions.
- **Access to advanced tools:** Familiarity with software tools and frameworks enables the use of pre-built algorithms and models, saving time and improving performance.

**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

**SUMMARY REPORT**

Date: 20<sup>th</sup> Sept 2022.

The FDP Program is successfully conducted at Brilliant Grammar School Educational Society's Group Of Institutions-Integrated Campus, Abdullapurmet. The Two-Days FDP on Essentials For Machine Learning for Our Faculty Members was conducted from 19-09-2022 to 20-09-2022, in the Computer Science and Engineering Department. The program was organized by the institution with the aim of enhancing the knowledge and skills of the faculty members in Advanced topics in, enabling them to impart the latest techniques to the students.

Pursuing a career in machine learning (ML) can be highly rewarding, as the field is growing rapidly and offers a wide range of opportunities. To prepare for a career in this area, there are several key essentials to focus on. Here's a breakdown of what you'll need to build a solid foundation and open up career opportunities: Key role in developing real-world ML applications, drive business strategies, especially in sectors like marketing, finance, and e-commerce.

Ultimately, the outcome of a career in machine learning can be multifaceted. It's not only about building powerful models or contributing to innovations but also about generating tangible value for businesses, communities, and society as a whole. Whether you're creating a cutting-edge AI product, advancing research, or solving real-world problems, the impact of ML can be profound. A Two-Days FDP can provide participants with a solid foundation in its use. The detailed Brochure and photos are attached here with.
