Brilliant Grammar School Educational Society's Group of Institutions organizing Yoga, Meditation, Physical fitness, health and hygiene awareness programs.

The students actively participated in this program. Yoga and meditation can help lower physical markers of stress, including our blood pressure. More active yoga can strengthen our heart and help with functional strength, the kind of strength we use for everyday activities. Practicing yoga regularly also improves flexibility and balance. In yoga we perform a series of postures and controlled breathing exercises to promote a more flexible body and a calm mind. Health is a positive state of being in which all components of the body and mind are in proper balance and harmony with one another. As a result, all of the body's organs are in good working order. It is well believed that only those people may be considered healthy if they have a healthy mind and a healthy body. Hygiene is another word for sanitation and cleanliness. Great personal hygiene is essential for health reasons. One must practice good hygiene. The awareness of this program is very useful for the students.
