DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Presents

Workshop on Research Methodology "Research Quantities Vs Qualitative"

03-10-2023 to 05-10-2023

ABOUT THE COLLEGE

Brilliant Grammar School Educational Society's Group of Institutes (Faculty of Engineering & faculty of Pharmacy) was established in 2009, promoted by Brilliant Grammar School Educational Society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT RM CELL

An Research Methodology (RM) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Research Methodology in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

Entrepreneurs are defined as agents who bring about economic change by combining their own effort with other factors of production in search of economic rents. The institutional setup is argued to determine both the supply and direction of entrepreneurial activity. Four key institutions are explored more closely: property rights protection, savings policies, taxation and the regulation of labor markets. Institutions have far-reaching effects on entrepreneurship, and they largely determine whether or not entrepreneurial activity will be socially productive. Due to the responsiveness of entrepreneurship to the institutional setup it is maintained that in-depth analyses of specific institutions are required in order to further our understanding of the determinants of entrepreneurial behavior and the economic effects of entrepreneurship.

REGISTRATION

It is open to all faculties, Students and Research Scholars. No registration fee. Register on or before 02/10/2023 through the following link. [Registration Application form](#)

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Presents

Workshop on Research Methodology “HealthTech Innovations”

27-10-2023 to 28-10-2023

ABOUT THE COLLEGE

Brilliant Grammar School Educational Society's Group of Institutes (Faculty of Engineering & faculty of Pharmacy) was established in 2009, promoted by Brilliant Grammar School Educational Society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

Entrepreneurs are defined as agents who bring about economic change by combining their own effort with other factors of production in search of economic rents. The institutional setup is argued to determine both the supply and direction of entrepreneurial activity. Four key institutions are explored more closely: property rights protection, savings policies, taxation and the regulation of labor markets. Institutions have far-reaching effects on entrepreneurship, and they largely determine whether or not entrepreneurial activity will be socially productive. Due to the responsiveness of entrepreneurship to the institutional setup it is maintained that in-depth analyses of specific institutions are required in order to further our understanding of the determinants of entrepreneurial behavior and the economic effects of entrepreneurship.

REGISTRATION

It is open to all faculties, Students and Research Scholars. No registration fee. Register on or before 20/10/2022 through the following link. [Registration Application form](#)

SCHEDULE:

ate & Time	Topic	Speaker
27/10/2023 9:30 am to 12:30 pm	The Workshop on Research Methodology "HealthTech Innovations" is designed to equip participants with the skills and techniques necessary to research the evolving field of HealthTech, which encompasses the use of technology to improve healthcare delivery, medical devices, and health-related services.	Mr. Pranay, Manager
28/10/2023 9:30 am to 12:30 pm	This workshop covers various research methodologies for investigating HealthTech innovations, including both qualitative approaches (such as interviews with healthcare professionals, case studies, and focus groups) and quantitative methods (such as surveys, data analysis, and statistical modeling). Participants will learn how to formulate research questions, identify key trends in HealthTech, assess the effectiveness and impact of innovations, and evaluate the regulatory, ethical, and adoption challenges that come with new healthcare technologies.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Presents

Workshop on Research Methodology “Sources of Hypothesis”

11-03-2024 to 13-03-2024

ABOUT THE COLLEGE

Brilliant Grammar School Educational Society's Group of Institutes (Faculty of Engineering & faculty of Pharmacy) was established in 2009, promoted by Brilliant Grammar School Educational Society's Group of institutions which has been in educational field for the past 25 years and produced 20,000 graduate students since its inception. The college is offering UG Courses CSE, CSE-AI&ML, CSE-DS, ECE, EEE, MECH, CIVIL, and aiming for perfection in engineering and management education. It is constantly striving for all round development of the students. Apart from regular academic courses, the college encourages co-curricular activities like seminars, workshops, symposiums etc.

ABOUT IPR CELL

An Intellectual Property Right (IPR) Cell has been formed to provide Knowledge by coordinating and conducting activities related to the Intellectual Property Rights in the Institution and also to create awareness among the stakeholders to save individuals work or ideas

ABOUT THE WORKSHOP

Entrepreneurs are defined as agents who bring about economic change by combining their own effort with other factors of production in search of economic rents. The institutional setup is argued to determine both the supply and direction of entrepreneurial activity. Four key institutions are explored more closely: property rights protection, savings policies, taxation and the regulation of labor markets. Institutions have far-reaching effects on entrepreneurship, and they largely determine whether or not entrepreneurial activity will be socially productive. Due to the responsiveness of entrepreneurship to the institutional setup it is maintained that in-depth analyses of specific institutions are required in order to further our understanding of the determinants of entrepreneurial behavior and the economic effects of entrepreneurship.

REGISTRATION

It is open to all faculties, Students and Research Scholars. No registration fee. Register on or before 10/03/2024 through the following link. [Registration Application form](#)

POST EVENT REPORT

Workshop on Intellectual Property Rights (IPR) Enforcement and Policy
 10-06-2024 to 12-06-2024

Days	10 th June 2024 to 12 th June 2024
Resource Person	Dr.J.Venu Gopal, MBA PhD, Visvesvaraya College of Engineering and Technology
Profile	He is well known Educational Trainer & Professor in Management Studies. Uses and functions of correct data with tabulation techniques. The speaker created interest by showing videos and collected innovative ideas from the students, speaker has presented how it will be add advantage to the organization and individual itself,
Topic	Intellectual Property Rights (IPR) Enforcement and Policy
Session Overview	The principal has three options to address this threat: trust, licensing, and paying agents to stay loyal. We show how the principal can influence the value of these options by modularizing the system and by hiring clans of agents, thus exploiting relationships among them. Extensions address screening and signaling in hiring, the effects of an imperfect legal system, and social norms of fairness.
